Fall Quarter Courses		
Course	Restriction	Duration
CHEM 333	Seats held and waitlist reprioritized	WL typically evaluated after grades post.
CHEM 351-353	Seats held and waitlist reprioritized	WL typically evaluated after grades post.
CHEM 355	Phase I & II Majors	Thru Phase I of Registration
CHEM 434*	Phase II Chemistry ONLY	Duration of Registration
CHEM 436*	Phase II Chemistry ONLY	Duration of Registration
CHEM 461	Phase II Chemistry ONLY	Duration of Registration
CHEM 466	Phase II Biochemistry ONLY	Duration of Registration
CHEM 471	Phase II Biochemistry ONLY	See "Departmental Policies"
CHEM 474*	Phase II Biochemistry ONLY	Duration of Registration

Winter Quarter Courses		
Course	Restriction	Duration
CHEM 333	Seats held and waitlist reprioritized	WL typically evaluated after grades post.
CHEM 351-353	Seats held and waitlist reprioritized	WL typically evaluated after grades post.
CHEM 354	Phase I & II Majors	Thru Phase I of Registration
CHEM 441	Phase II Chemistry ONLY	Duration of Registration
CHEM 462	Phase II Chemistry ONLY	Duration of Registration
CHEM 464	Phase II BS-Chemistry ONLY	Duration of Registration
CHEM 467	Phase II Biochemistry ONLY	Duration of Registration
CHEM 471	Phase II Biochemistry ONLY	See "Departmental Policies"
CHEM 472	Phase II Biochemistry ONLY	See "Departmental Policies"

Spring Quarter Courses		
Course	Restriction	Duration
CHEM 351-353	Seats held and waitlist reprioritized	WL typically evaluated after grades post.
CHEM 354/355	Phase I & II Majors	Thru Phase I of Registration
CHEM 434*	Phase II Chemistry ONLY	Duration of Registration
CHEM 436*	Phase II Chemistry ONLY	Duration of Registration
CHEM 463	Phase II Chemistry ONLY	Duration of Registration
CHEM 465	Phase II Chemistry ONLY	Duration of Registration
CHEM 472	Phase II Biochemistry ONLY	See "Departmental Policies"
CHEM 473	Phase II Biochemistry ONLY	Duration of Registration

PLEASE BE ADVISED:

(*) Indicates the course requires pre-application for override.

- Pre-applications are accepted for the first two weeks of each quarter for the following quarter's registration.
 - See your faculty advisor for more information on how and when to complete the pre-application.
- Applicants are notified via WWU Student Email (prior to Phase I Registration date) if they are an override recipient.
- CHEM 436 is offered only in fall, certain years may include a spring offering. Do not plan for this.
- CHEM 474 is offered only in fall.
- CHEM 464 is offered only in winter. Students enrolled in CHEM 464 will automatically be able to register for CHEM 465.

Enrollment constraints:

Due to limited lab seats, the following courses require submission of pre-application webform: "[Chemistry Override Request/Course Pre-Application](#)"

All applicants are notified via WWU Student Email, prior to the beginning of Phase I of registration, if they are the recipient of an override.

Pre-applications are accepted for the first two weeks of each quarter for the following quarter's registration.

See your advisor for more information on how and when to complete the pre-application.
