

**WASHINGTON NASA SPACE GRANT CONSORTIUM
SUMMER RESEARCH AWARDS FOR FUTURE SCIENCE TEACHERS**

INFORMATION FOR FACULTY MEMBERS

Student Name: _____ **Student No.** _____

This student is applying for a Washington Space Grant Consortium 2014 Summer Research Award for Future Science Teachers to support her/his participation in research under your guidance. The intent of these awards is to provide support for future science teachers, enabling them to learn research methods and explore current research questions and challenges in a variety of disciplines. They will participate in a one-credit seminar in the fall to explore the impact of the research experience on their teaching. You will receive \$750 for incidental expenses to support your mentoring.

Faculty Recommendation Letter

Please write a letter of recommendation addressing the ways this student will contribute to the research and how this student's education will be enhanced by participation in this project. Please complete the information below and ***return this sheet along with your letter*** in a sealed, signed envelope to Dr. Edward Geary, Director of Science, Mathematics, and Technology Education Program, SMATE Building Rm. 250D, MS 9155 .

For questions, contact Edward Geary at 650-3637 or Edward.Geary@wwu.edu or Lori Torres at 650-7605 or lori.torres@wwu.edu. Thank you for providing this student the opportunity to participate in research and supporting his/her application.
